<b>NUTS &amp; BOLTS</b>						
CXFX000003	Pro-Strain fixings M12 x 110mm (100 units)	4	4	4	2	2

**Note:** Box assembly replace the 'strut peg' with another straining post. A Gripple G-Pak for bracing wire will also be required

**Note:** Half box is required for Deer fencing use a 2.4m strainer and the secondary post

*\*Large plate to be used in soft ground*

*# Extra large plate often used on strut pegs in conjunction with a 250mm plate*
